OUR APOLOGIES!

It has come to our attention that we posted an incomplete list of our Spelling Bee participants and winners. We are very sorry for this oversight and plan to put a new article in next week's FYI with all who went and represented our school.

IMPORTANT INFO!

Preschool

Yearbook sale has begun!

Yearbooks are \$16 each. Please fill out an order form and return it to the office by Feb.

For the safety of your children:

Please make sure that you are not allowing your child to run ahead of you and out of the office, or through the gate, without you when you are leaving the campus. We have seen many children running straight toward the parking lot, and would hate to see them injured in any way.

CCS Art Program

We are studying some of the great artists; artists with a good story and memorable art. We are building a foundation to appreciate art throughout one's lifetime. There are a multitude of wonderful artists that we call masters, but I've tried to select lifestyles that benefit our students. As we learn about them, we spend time creating a project in a style similar to the artist. We have had amazing talks about bullying, mental illness, impressionists and the freedom to create a style all your own. Some of the artists lived in dire poverty prior to discovery and some painted paintings to help us remember what that poverty is like.

Art is not just art, it is the appreciation of God's wonderful world and the picture He is perpetually painting around us and in our lives. I want the students to look around, see clouds, light, the sun, the moon, the animal kingdom, and appreciate life just a little more because of art.

Compassion Corner News:

Here are some ways our Middle School students are learning about compassion for others:

-The Middle School students have set a goal to try to raise \$10,000 for the Angels2Help Missions in Mexico run by Jay and Joan Wyche. This is an orphanage for children in Mexico and they would like to provide a chapel for them. They have been collecting money in their classrooms and at various venues.

- Eighth-grader Kayli Johnson even brought her piggy-bank filled with change that she had been collecting since she was a little girl to donate toward the chapel fund.

-The students are very excited and committed to missionary work. Last year some Middle School students went on a missions trip to Mexico. They helped paint a mural, fixed bicycles, and made toys for the children. This year twenty 7th & 8th grade students will be going back to Mexico during spring break.

-One way that you can help our Middle School students reach their \$10,000 goal is by attending their production. All of the proceeds from the Middle School Production "Power Praise" will go towards the chapel fund. Their ultimate success will be to provide the children of the orphanage with a wonderful place to worship.
