

VIRTUAL ACADEMIC ENRICHMENT PROGRAM

SHARPEN YOUR LEARNER'S KEY ACADEMIC SKILLS on a journey around the world with CCS

The Virtual Academic Enrichment Program is a great resource to prevent summer learning loss and ensure Learners are ready to confidently enter the next grade level. This individualized program will provide an opportunity for Learners to experience significant growth in all core school subjects, with a concentration in Language Arts and Mathematics.

The program will focus on these vital academic skills:

Reading Comprehension • Reading Fluency
Novel Reading • Syntax and Word Usage
Grade Level Mathematics

Each week, Learners will have the opportunity to earn theme-based passport stamps as they complete content area challenges and reach their customized learning goals. By the end of their Virtual Academic Enrichment Unit, Learners will celebrate all they have achieved academically and explored virtually!

Available for Learners Entering Grades 1st - 8th

Monday through Friday, from 9am to 12pm

\$500 per Unit – 5 weeks per Unit

Unit 1: June 1st – July 3rd

Unit 2: July 6th – August 7th

FAQs

What will my Learner need? A device that has internet access, and access to their CCS Google and Canvas accounts.

Will my Learner be on Zoom from 9am-12pm or will there be independent work? Each session will include directed instruction through Zoom, independent assignment completion, and class discussion, review, and reflection.

Will there be homework? No. All learning activities and assignments will be completed within the Academic Enrichment Day.

Will my Learner receive grades or credit? No. This will be a true enrichment program to help ensure they continue to make progress for the upcoming grade level.

Will I have to print anything? No. All assignments will be completed online.

Can you only do a few days per week? No. However, all direct instruction will be recorded and made available online if absent.
