

# Summer 2021 Academies and Camps

# CROSSROADS SCHOOL SUMMER ACADEMIES

**JUNE 7-JULY 2, 2021** | For learners entering grades K-8th in Fall 2021\*

## **BRIDGE ACADEMY**

9am-11am | \$150/week

The CCS Bridge Academy is designed to address the academic needs of learners as they move up to the next grade level.

Our facilitators have identified tools learners will need to be successful in the upcoming school year, and are ready to equip them! Instruction will be focused on the core content areas of English, Language Arts, Reading, and Math.

Learners will have the opportunity to solidify their current grade level knowledge and skills in these areas, and begin to explore skills and strategies they will need for the next grade level.

## **ENRICHMENT ACADEMY**

11:30am-1:30pm | \$150/week

The CCS Enrichment Academy is designed to help Learners gain confidence as they learn new and challenging skills.

**REGISTER NOW**

*\*A minimum of 6 learners registered in each grade level is required for the academy to take place.*

# SPORTS

Engagement in sports is known to positively impact children and adults by providing opportunities for exercise as well as healthy interactions with peers in a supervised environment. Playing a sport as part of a team requires persistence, patience, and practice — all of which can translate into important life lessons.

## **JUNE 7-JULY 2ND FRISBEE GOLF**

- Open to grades 6-8
- Camp will focus on the rules and skill development of Frisbee Golf
- Physical exercise: Running, jumping, throwing

- Open to grades 1-5
- Camp will focus on flag football skill development
- Running
- Passing
- Catching
- Defending
- Tackling (flag pulling)

# ARTS

Learning through, and about, the arts enriches the experience of studying while at school while also preparing students for life after school. Arts subjects encourage self-expression and creativity and can build confidence as well as a sense of individual identity.

Learners will learn all seven elements of Art:

- Line
- Shape
- Value
- Color
- Texture
- Space
- Form.

# STEM

Science offers foundational skills that will help our learners think critically, problem solve and better understand the world around them. STEM activities provide an opportunity for learners to develop a range of skills.

- Explore objects, materials, and events.
- Raise questions.
- Make careful observations.
- Engage in simple investigations.
- Describe (including shape, size, number), compare, sort, classify, and order.
- Record observations using words, pictures, charts, and graphs.
- Use a variety of simple tools to extend observations.
- Identify patterns and relationships.
- Develop tentative explanations and ideas.
- Work collaboratively with others.
- Share and discuss ideas and listen to new perspectives.

## **KINDERGARTEN ACADEMY**

June 7-August 6, 2021 | 7am-6 pm  
Preschool Tuition Prices  
*For Learners entering Kindergarten  
in Fall 2021*

The CCS Kindergarten Academy is designed to address the academic needs of learners as they move up to the next grade level. Our facilitators have identified what tools learners will need to be successful in the upcoming school year, and are ready to equip them! Learners will have the opportunity to solidify their current grade level knowledge and skills in these areas, and begin to explore skills and strategies they will need for the next grade level. This is also a great time for them to establish relationships with their peers who will be entering kindergarten with them at CCS.
